

**Report of the Central Special Needs Parity Committee (CSNPC)**  
**Meeting of December 13, 2022**

The committee met at Terry Fox Elementary, restarting a pre-pandemic practice of meeting in schools throughout the year. The committee visited the newly opened Reach North classroom.

The committee welcomed Danielle Laplante, Director of Financial Services. Ms. Laplante helped answer the committee's questions to link the appendices in our collective agreement that provide additional funding for special needs students and teacher support with the budgetary rules used by the school board to finance its distribution of services. This exercise helped confirm the amounts available to the school board from each appendix of our collective agreement and will hopefully assist with a smoother implementation of these appendices for the 2023-2024 academic year.

Several ongoing particular cases were also discussed.
