General Information

- Items discussed can generate proposals between the administration and the School Council.
- There are three general types of proposals:
 - Consultative (CN): The administration shall seek advice from the teaching staff and then decide on the final proposal.
 - Collaborative (CL): These proposals are developed by the teaching staff, often together with administration, for the purpose of informing the Governing Board. If an administrator refuses a collaborative proposal, a written explanation shall be provided to the staff prior to the implementation of the decision. A copy of the explanation shall be submitted to both the Regional Director and to PTU.
 - Collaborative with Approval (CLA): These collaborative proposals are jointly recommended to the Governing Board for approval. The administrator shall decide on the final version to be presented to the Governing Board. Should the proposal be rejected by the Governing Board, a new proposal must be requested.
- For additional details on School Council, see clauses 4-4.01, 4-4.02 and 4-4.03 of our local agreement, which are accessible [here](#).
