

YOUTH SECTOR

DELEGATES' REPORT JANUARY 2024

STAFFING TIMELINE

The official staffing timeline will be completed by January 31. You will find it on SSO under the Human Resources tab, under "Staffing" – "Teachers Youth Sector" – "Official Staffing Timeline 2024-2025".

STUDENT-TEACHER FUNDS

Teachers who hosted a student-teacher last year (2022-2023 school year) received their portion of the payment on the pay of December 28.

Please ensure that your school has a Student-Teacher Committee consisting of cooperating teachers from 2022-2023 and 2023-2024, and the school administrator. This committee will be responsible for the application of the guidelines and distribution of the money, per Appendix C of our Local Agreement.

WORKLOADS

I still have not received all of the workloads and timetables from HR.

PLAN DE RATTRAPAGE

Any change in the school calendar is a **Consultative Item** at School Council, and up to the individual school to decide. Whether or not to move the end of term 2 due to strike actions is something that needs to be discussed at School Council.

CONTRACTS AND TENURE LETTERS

Contracts should have been received by email by now.

Most teachers should have received their tenure letters by now. There are a few that HR was unable to extract from the system, but those should be coming shortly. If you are concerned because you have not received yours yet, please email me and I will confirm whether your name is on the list of tenured teachers who have yet to receive their letter.
