DELEGATES' REPORT – November 2024

BUSINESS ARISING

Tolerances in Vocational Training 2024-2025

Great news! The school board has informed the PTU that they have added Computing Support as another specialty for which they have made tolerance requests.

STANDING ITEMS

Mentoring

No update to report.

Workloads

Although I cannot report that all workloads have been received, there has been a positive step forward in that the Assistant-Director of HR has created a shared folder that the PTU can access as an efficient way to receiving the workloads.

NEW BUSINESS

OurSCHOOL Survey

Steps were taken to address the issues from last year's *OurSCHOOL Survey* by removing the contentious questions, and now the survey is set to be administered as planned in February.

Student-Teacher Funds

If you had a student-teacher in the 2023-2024 academic year, the funds allocated by the Ministry to both you and the centre should already have been disbursed. To confirm, you may want to verify if the payment has been made to your account. If there's an error, please reach out to me as soon as possible.

2024-2025 PIC and Centre Professional Training Allocations

Letters have been emailed by the PTU with this year's information to Delegates as well as PIC & Centre Council Chairpersons.

Tenure Letters

The school board emailed letters on November 19, 2024, to teachers that attained regular teacher status on July 1st, 2024 (E1 tenured teachers).
