

---

**Report of the Central Professional Improvement Committee (CPIC)  
Meeting of January 16, 2025**

---

**Review of DPIC Plans**

DPIC plans were reviewed. Some chairpersons will be contacted to make some small changes or to sign the forms.

**Review of DPIC, CC, and Conference Budgets**

As of January 2025 (and excluding January requests):

	Starting Budget	Remaining Budget
Professional Development Activities (PDA)	\$108,485	\$49,871.90
Credit Courses	\$36,162	\$22,022.00
New Teachers Professional Development (PDA)	\$80,000	\$47,917.44
Special Projects	\$80,000	\$61,360.12

**Review of requests**

A friendly reminder that teachers, including those taking the DALF, need to make their request prior to attending their Professional Development Activities (PDA).

- 12 requests for Professional Development Activities were presented; 3 requests needed to be presented to their DPIC. The rest were approved.
- 1 Special Project was presented to the committee by John Rennie.
- 9 credit courses requests were presented to the committee for approval; two requests were denied as the teachers had already claimed their 6 credits for the current school year; two requests will be modified to make sure the teachers do not exceed the maximum reimbursement of 6 credits per school year. The rest were approved.
