DISCLAIMER

This handbook is primarily meant to share information. In case of disagreement between this handbook and the collective agreement or other legal documents, the latter shall prevail.

Recommended Guidelines for the Formation of a VAR Committee

It is recommended that each school and centre form a VAR Committee that follows these guidelines:

- The committee should be composed of teachers on a voluntary basis.
- The committee should consist of a minimum of three (3) teachers. It is recommended that a PTU Delegate be part of this committee.
- The committee shall nominate a Chairperson. It is preferable that the Chair also be a member of the School or Centre Council. If not, the Chair should report to the School or Centre Council on the activities of the VAR Committee.
- Should no VAR Committee be formed, the responsibility of VAR falls on the School or Centre Council.
- VAR should be a standing item on the School or Centre Council agenda.
- Any physical forms shall be kept by the VAR Committee and a copy shall be submitted to the School or Centre Council.

VAR Process for Teachers

- Teachers should also refer to the Help manuals found within the VAR tool on SSO for instructions on how to submit their VAR activities.
- Teachers claiming VAR should propose their activity to the VAR Committee for pre-approval by using the VAR tool on SSO before the activity takes place. The committee should be informed of any modifications to the activity.
- Activities without pre-approval by the VAR Committee may be refused credits if the committee deems the activity ineligible.
- During the activity, teachers should keep track of the number of sessions to be submitted.
- After the activity, the teacher can update their submission on SSO if any corrections are needed.
- Teachers will receive notice of their total number of allocated credits by the end of May, using the VAR tool on SSO.

Checklist for the VAR Committee

- Meet in September to form VAR Committee.

- The VAR Committee will meet to address and review VAR guidelines. It is recommended that VAR Committees present a short explanation of the VAR process in the first staff meeting each year.

- The VAR Committee should meet at least 3 times a year to review ongoing VAR activities and any new submissions and to assign credits (September, mid-year and end of April or early May).

- The VAR Committee should create and share a timeline with teachers for the submission of VAR activities.

- The VAR Committee will meet to confirm final submissions and to complete the “End-of-Year VAR Report” and provide them to administration. Once everything has been approved, it shall be signed by the VAR Chair (if applicable), School or Centre Council Chair, and Principal.

- The VAR Chair will present the “End-of-Year VAR Report” to School or Centre Council, ideally during the May School or Centre Council meeting.

NOTE: a copy of the report should also be sent to PTU at info@ptusep.com

VAR Credit System

Please use the chart below to guide you in completing your Value Added Remuneration requests.

Be sure to remember:

- VAR is only applicable to activities where you are in the presence of participating students.
- Any activity for which you request VAR cannot be exclusively part of your workload or other professional duties (OPD) or part of your coursework and evaluation, including time for which you are released from your regular duties.
- Measures 15014 and 15028 activities (*activités parascolaires*) cannot be counted as VAR.
- No more than 60 credits per activity can be allocated. Activities cannot be broken down into smaller pieces to try to increase the number of credits per activity.
- No more than 10 credits per night to a maximum of 30 credits per school year can be granted for overnight trips. This is regardless of the length of the trip or the number of trips in which a teacher is participating.
- Teachers cannot claim VAR for work-off evenings or any other activity for which they are already being compensated, released or recognized.
- Any activity in the evening cannot be allocated more than 10 credits per evening.
- IB personal/community projects: 15 credits per project to a maximum of 60 total credits as long as the mentor does not evaluate the project.
