
Report of the Central Professional Improvement Committee (CPIC)
Meeting of March 20, 2025

Reminder

All requests for funding including DALF must be pre-approved.

DPIC Plans

We have received all but 2 DPIC plans. Some had to be returned for clarification or because of a missing signature.

Review of Requests

- 12 requests for credit courses were presented, all were approved.
- 13 requests for Professional Development Activities were presented, all were approved but one pending clarification.
- 2 Special Project proposals were presented: one was approved while the other was rejected because it didn't fall within the parameters of Special Projects. The committee is suggesting they create a network instead.
