**Report of the Central Professional Improvement Committee (CPIC)**  
**Meeting of December 11, 2025**

---

**2025-2026 CPIC Information Session for Chairs, Administrators and Delegates**

It was well attended, even better attended than when it was online. We received good feedback.

**Dalf Course**

It was brought to our attention that there is no CPIC meeting between the opening of the DALF course registration and the beginning of the course. Therefore, teachers can't get their funding requests approved before beginning the course. We will accept these requests at the February meeting.

**Review of DPIC Plans**

We started receiving DPIC plans. We review each of them and send them back with comments if adjustments are needed.

The previous year's end-of-year report and the current year's plan are required for a DPIC to get its funding.

**Review of Requests: November**

- 9 requests for university credit courses were presented. 8 were approved, but 1 was denied as they already received the maximum number of credits.
- 2 requests for new teachers were presented, but were denied as they were not in their first three years.
- 11 requests for professional development activities were presented and approved.
- 3 special projects were presented and approved.

**Review of Requests: December**

- 3 requests for university credit courses were presented and approved.
- 15 requests for professional development activities were presented and approved.
- 2 requests for networks were presented and approved.
