
**Report of the Central Professional Improvement Committee (CPIC)
Meeting of March 19, 2026**

DPIC Plans

We are still missing 3 DPIC plans.

Review of Requests

- 4 requests for university credit courses were presented. 2 were approved, 2 were denied because 1 request was late and 1 request was from a vocational teacher who is not legally qualified.
- 3 requests for New Teachers were presented and approved.
- 13 requests for professional development activities were presented. 10 were approved. The other 3 requests were approved pending confirmation of where the rest of the funds would come from, as this school's budget is currently in deficit.
- 1 request for a network was presented and approved.
