Report of the Central Professional Improvement Committee (CPIC)
Meeting of October 8, 2026

DPIC Plans

We have started receiving DPIC plans even though DPIC committees have not yet received their budget.

Budgets will be sent to DPIC chairs shortly.

Networks that were pending from September

Both network requests were modified appropriately. Therefore, they were approved.

Review of Requests

- 11 requests for university credit courses were presented. 10 were approved, but 1 was denied because the applicant had already received the maximum credits.
- 1 request for new teachers was presented but denied because the teacher received funds last year, and a teacher can only receive funding once from the New Teachers Fund. The teacher needs to apply through the regular professional development process. CPIC will approve the funding once their DPIC approves it.
- 24 requests for professional development activities were presented and approved.
- 1 request for special projects was presented and approved.
- 1 request for networks was presented and approved.
